

## Table of Contents

<b>I.</b>	<b>Acknowledgements</b>		
<b>II.</b>	<b>Plenary One: Gaps in End-of-life Care</b>	<b>Module</b>	<b>Page</b>
	Abstract, key words.....	P1	1
	Objectives.....	P1	1
	Introduction.....	P1	1
	Goals of EPEC .....	P1	8
	Summary.....	P1	10
	Key take-home points .....	P1	10
	Resources .....	P1	11
<b>III.</b>	<b>Plenary Two: Legal Issues</b>		
	Abstract, key words.....	P2	1
	Cautionary note.....	P2	1
	Objectives.....	P2	1
	Introduction.....	P2	1
	Law and ethics .....	P2	2
	Summary.....	P2	11
	Key take-home points .....	P2	11
	Pearls .....	P2	13
	Potential pitfalls .....	P2	13
	Resources/references.....	P2	13
<b>IV.</b>	<b>Plenary Three: Elements and Models of End-of-life Care</b>		
	Abstract, key words.....	P3	1
	Objectives.....	P3	1
	Introduction.....	P3	1
	Conceptions of suffering.....	P3	2
	Elements of end-of-life experiences .....	P3	3
	Models of care.....	P3	9
	Summary.....	P3	14
	Key take-home points. ....	P3	15
	Resources .....	P3	15
<b>V.</b>	<b>Plenary Four: Next Steps</b>		
	Abstract, key words.....	P4	1
	Objectives.....	P4	1
	Introduction.....	P4	1
	Curriculum overview .....	P4	1
	Barriers.....	P4	4
	Summary.....	P4	7
	Key take-home points .....	P4	7

<b>VI. Module 1: Advance Care Planning</b>	<b>Module</b>	<b>Page</b>
Abstract, key words.....	M1	1
Objectives.....	M1	1
Clinical case on trigger tape.....	M1	1
Introduction.....	M1	1
5-steps for successful advance care planning.....	M1	3
Common pitfalls of advance care planning.....	M1	9
Complementary application of the model for advance care planning.....	M1	10
Summary.....	M1	11
Key take-home points.....	M1	12
Pearls.....	M1	13
Potential pitfalls.....	M1	13
Resources.....	M1	14
Appendix.....	M1	15
<b>VII. Module 2: Communicating Bad News</b>		
Abstract, key words.....	M2	1
Objectives.....	M2	1
Clinical case on trigger tape.....	M2	1
Introduction.....	M2	1
6-step protocol for communicating bad news.....	M2	2
When language is a barrier.....	M2	7
Communicating prognosis.....	M2	7
Caregiver communication.....	M2	8
Summary.....	M2	8
Key take-home points.....	M2	9
Pearls.....	M2	10
Potential pitfalls.....	M2	10
Resources.....	M2	10
<b>VIII. Module 3: Whole Patient Assessment</b>		
Abstract, key words.....	M3	1
Objectives.....	M3	1
Clinical case on trigger tape.....	M3	1
Introduction.....	M3	2
Assessment overview.....	M3	3
Summary.....	M3	15
Key take-home points.....	M3	16
Pearls.....	M3	18
Potential pitfalls.....	M3	19
Resources.....	M3	19
Appendix.....	M3	20

<b>IX.</b>	<b>Module 4: Pain Management</b>	<b>Module</b>	<b>Page</b>
	Abstract, key words.....	M4	1
	Introduction.....	M4	1
	Part 1: Principles of pain management .....	M4	2
	Objectives.....	M4	2
	Clinical case on trigger tape.....	M4	2
	General principles .....	M4	2
	Part 2: Equianalgesic dosing.....	M4	12
	Objectives.....	M4	12
	Alternate routes of administration.....	M4	12
	Changing routes of administration of opioids.....	M4	13
	Problem solving.....	M4	15
	Part 3: Adjuvants, adverse effects, barriers.....	M4	17
	Objectives.....	M4	17
	Adjuvant analgesics.....	M4	17
	Adverse effects.....	M4	20
	Nonpharmacologic pain management techniques.....	M4	23
	Barriers.....	M4	23
	Summary.....	M4	24
	Key take-home points .....	M4	24
	Pearls .....	M4	28
	Potential pitfalls .....	M4	29
	Resources .....	M4	29
	Appendix.....	M4	30
	Answers to problems.....	M4	31
<b>X.</b>	<b>Module 5: Physician-assisted Suicide</b>		
	Abstract, key words.....	M5	1
	Objectives.....	M5	1
	Clinical case on trigger tape.....	M5	1
	Introduction.....	M5	1
	6-step protocol for responding to requests for physician-assisted suicide or euthanasia .....	M5	4
	Response to persistent requests.....	M5	15
	Summary.....	M5	15
	Key take-home points .....	M5	16
	Pearls .....	M5	17
	Potential pitfalls .....	M5	17
	Resources .....	M5	18

<b>XI. Module 6: Depression, Anxiety, Delirium</b>	<b>Module</b>	<b>Page</b>
Abstract, key words.....	M6	1
Objectives.....	M6	1
Clinical case on trigger tape.....	M6	1
Introduction.....	M6	1
Depression.....	M6	2
Anxiety.....	M6	6
Delirium.....	M6	8
Summary.....	M6	9
Key take-home points.....	M6	10
Pearls.....	M6	11
Potential pitfalls.....	M6	12
Resources.....	M6	12
<b>XII. Module 7: Goals of Care</b>		
Abstract, key words.....	M7	1
Objectives.....	M7	1
Clinical case on trigger tape.....	M7	1
Introduction.....	M7	2
7-step protocol to negotiate goals of care.....	M7	8
Negotiating goals across communication barriers.....	M7	8
Determine specific treatment priorities.....	M7	11
When the physician cannot support a patient’s choices.....	M7	12
Summary.....	M7	14
Key take-home points.....	M7	15
Pearls.....	M7	16
Potential pitfalls.....	M7	17
Resources.....	M7	18
<b>XIII. Module 8: Sudden Illness</b>		
Abstract, key words.....	M8	1
Objectives.....	M8	1
Clinical case on trigger tape.....	M8	1
Introduction.....	M8	1
Overview.....	M8	2
Guiding principles.....	M8	3
Summary.....	M8	9
Key take-home points.....	M8	10
Pearls.....	M8	10
Potential pitfalls.....	M8	10
Resources.....	M8	10

<b>XIV. Module 9: Medical Futility</b>	<b>Module</b>	<b>Page</b>
Abstract, key words.....	M9	1
Objectives.....	M9	1
Clinical case on trigger tape.....	M9	1
Introduction.....	M9	1
Physicians and futility.....	M9	2
The nature and limitation of futility decisions .....	M9	2
Conflict over treatment .....	M9	3
Differential diagnosis of futility situations .....	M9	4
A due process approach to futility situations .....	M9	10
Summary.....	M9	11
Key take-home points .....	M9	11
Pearls .....	M9	12
Potential pitfalls .....	M9	12
Resources .....	M9	13
<b>XV. Module 10: Common Physical Symptoms</b>		
Abstract, key words.....	M10	1
Objectives.....	M10	1
Clinical case on trigger tape.....	M10	1
Introduction.....	M10	1
Breathlessness (dyspnea) .....	M10	5
Nausea/vomiting .....	M10	9
Constipation.....	M10	15
Diarrhea.....	M10	18
Anorexia/cachexia.....	M10	19
Fatigue/weakness .....	M10	21
Fluid balance/edema .....	M10	22
Skin .....	M10	24
Insomnia.....	M10	25
Summary.....	M10	26
Key take-home points .....	M10	27
Pearls .....	M10	29
Potential pitfalls .....	M10	29
Resources .....	M10	29
Appendix.....	M10	30

<b>XVI. Module 11: Withholding/Withdrawing Treatment</b>	<b>Module</b>	<b>Page</b>
Abstract, key words.....	M11	1
Objectives.....	M11	1
Clinical case on trigger tape.....	M11	1
Introduction.....	M11	1
8-step protocol to discuss treatment preferences.....	M11	4
Summary.....	M11	16
Key take-home points.....	M11	16
Pearls.....	M11	18
Potential pitfalls.....	M11	19
Resources.....	M11	19
Appendix.....	M11	20
Information for patients/families.....	M11	21
<b>XVII. Module 12: Last Hours of Living</b>		
Abstract, key words.....	M12	1
Introduction.....	M12	1
Part 1: Physiological changes, symptom management.....	M12	4
Objectives.....	M12	4
Clinical case on trigger tape.....	M12	4
Physiologic changes and symptom management.....	M12	4
Medications.....	M12	12
Part 2: Expected death.....	M12	13
Objectives.....	M12	13
As expected death approaches.....	M12	13
What to do when death occurs.....	M12	14
After expected death occurs.....	M12	14
Bereavement care.....	M12	16
Dying in institutions.....	M12	16
Part 3: Loss, grief, bereavement.....	M12	18
Objectives.....	M12	18
Loss, grief with life-threatening illness.....	M12	18
Summary.....	M12	21
Key take-home points.....	M12	21
Pearls.....	M12	23
Potential pitfalls.....	M12	23
Resources.....	M12	24
<b>XVIII. Medication Tables</b>		
Adverse effects.....	MT	1
Abbreviations, symbols.....	MT	2
Analgesics commonly used in the United States.....	MT	3
Equianalgesic doses of opioid analgesics.....	MT	5
Medications commonly used in palliative medicine in the United States.....	MT	6
<b>XIX. EPEC Slides</b>		

**XX. Appendix**

**A. Evaluation and Outcomes**

**B. Instruments**

- 1. Participant profile**
- 2. Pre-/post-test questions with answers and rationale**
- 3. Clinical practice evaluations**
- 4. After death family interview**

**C. Web Resources**

**D. Procedure diagnosis coding and reimbursement mechanisms for physician services in palliative care**

**XXI. Index**
